EDUCATION

Master of Science in Computer Science

- Shri Shivaji Science College,
Amravati (2023)
- CGPA 7.2/10

Bachelor of Science in Computer Science

- Shri Shivaji Science College,
Amravati (2021)
- CGPA 7.8/10

SKILLS

- Next.js
- React.js
- JavaScript/Typescript
- Node.js
- FastApi
- PostgreSQL
- React Native

LANGUAGES

- English
- Hindi
- Marathi

PROFILE

Proficient Full-Stack Developer with a strong foundation in Next.js, React, TypeScript, and FastAPI, specializing in building scalable and dynamic web applications. Experienced in real-time data handling, role-based access control, and system optimization, with a keen focus on maintaining high performance and security

WORK EXPERIENCE

Redivivus Technologies Private Limited, Pune

Full-Stack Developer

DEC 2024 - PRESENT

Enterprise Resource Planning (ERP) System

- Developed and optimized a robust ERP system using Next.js, React, and TypeScript to manage enterprise resources, where admin dynamically configures and displays data for users.
- Designed and implemented complex UI/UX components with dynamic rendering of data using charts, tables, and real-time updates, ensuring a seamless user experience.
- Integrated multiple APIs and handled data transformations efficiently, ensuring data consistency and faster load times.
- Worked extensively on performance optimization by reducing bundle sizes and improving rendering speed, leading to faster page load times and a better user experience

Cold Storage Management System

- Developed a real-time monitoring system to display sensor data (thermometer, AQI meter, etc.) received via API calls every minute, updating screen widgets dynamically.
- Implemented alert notifications to warn users of abnormal sensor readings, ensuring timely responses to prevent issues.
- Automated data logging and storage in PostgreSQL for historical analysis and troubleshooting, allowing efficient tracking of sensor behavior over time.

CERTIFICATIONS

- Full Stack Web Development (MERN Stack) by Cuvette
